

March 25, 2010

Dear Monroe County Employees,

U.S. Cellular® has launched a new program known as the Partner Employee Program. This program provides the employees of current U.S. Cellular® Business accounts the opportunity to qualify for a discount on their wireless service. The discount will apply only to consumer voice plans. A 2-year service agreement is required.

Since **Monroe County** is a current business customer, we are happy to extend this offer to your employees. Please follow the instructions below to process your discount.

**When the employee renews service with U.S. Cellular®, they can send an e-mail from their work e-mail address to: [ken.arledge@uscellular.com](mailto:ken.arledge@uscellular.com)** and they will receive a response giving them the amount of the discount and how it will be processed. The discount for your employees is **20%** on single rate plans of \$49.95 or higher or family plans of \$69.95 and higher. (Please note Unlimited National Plans are not included in the Partner Employee Program.) All lines of service must be under the **Monroe County** Employee's personal name and Social Security Number. **Monroe County is not** responsible for any lines of service under the Partner Employee Program.

**For new activations contact Ken Arledge @ 865-254-8300**
